

Oetiker is a successful, privately held Swiss group of global enterprises, which supply solutions for mechanical connecting solutions. Our high-quality products are sold all over world, mainly in the burgeoning automotive market, but also in other segments such as home appliances and medical technology. Steadily expanding with currently over 1800 employees in sites based around world, the Oetiker Group has ranked as one of the frontrunners in the industry for over 75 years.

Maintenance Mechanic (Machining Division) - The primary purpose of this position is to perform all general maintenance and repairs for machines and the building in order to keep all equipment in optimum running condition, while complying with OSHA Safety and Health rules.

Maintenance Mechanic, ONY Batavia - 2nd Shift

Your responsibilities

- Use mechanical skills including mechanical, electrical, pneumatic and hydraulic troubleshooting for repair of machinery and equipment
- Provide emergency/unscheduled repairs of machinery during production schedules keeping maintenance and repairs to a minimum
- Perform preventative maintenance and cleaning of equipment on special runs to ensure safe reliable operation and make suggestions for improvement
- Perform machine changeovers and replace tooling as needed
- Handle spill responses and pest control as needed
- Rigging and moving of machinery as needed
- Read and interpret equipment manuals, drawings and schematics
- Diagnose problems, replace or repair parts, test and make adjustments
- Document repairs on daily grind sheets and log books
- Run air, water and network lines
- Inspect fire extinguishers, alarms and emergency lights monthly
- Requisition tools, equipment and supplies pertaining to building and grounds maintenance as needed
- Perform activities for indoor and outdoor building and grounds maintenance as needed

Minimum Requirements:

- High school diploma or GED
- 5-7 years' experience maintaining/repairing automated & PLC controlled equipment required

Skills required:

- Pneumatics
- Ladder logic
- Basic electrical systems
- Operation of PLC equipment
- Welding and machinery experience a plus

Our renowned company offers the opportunity for independent and flexible personalities to work in a global team with challenging and varied range of tasks.
