

Technical Product Manager - Assembly Solutions

Endingen Germany
Marketing

YOUR OPPORTUNITY

Global production methods are being revolutionized. Machines talk to each other, failures are predicted. Join the revolution. We need you as a new, enthusiastic member of the Assembly Solutions team. Your role:

- Record assembly-related market requirements and customer needs from a technological point of view
- Manage development projects for customer specific assembly solutions in a cross-functional team
- Help to define the product development roadmap of future assembly solutions
- Implement integration-oriented product training
- Assist in the management of the application-specific product portfolio, roll-out of go-to-market campaigns and life-cycle management of all Oetiker assembly solutions
- Support the market introduction of assembly solutions in technical matters
- Support strategic projects in assembly solutions and service

Join us and get ahead.

A position with the Oetiker Group, Swiss family-owned company, offers exciting global challenges and a whole range of development opportunities. Our unique company culture is built on a strong sense of trust where employees are encouraged to contribute from Day 1. We embrace our diversity and enhance it by being open to new approaches. We seek colleagues who share our customer centric mindset in delivering quality in everything that we do.

Does this sound like you? We look forward to hearing from you soon.

YOUR PROFILE

3+ years experience in product management, technical sales management or equivalent with completed engineering studies or equivalent studies with relevant technical experience

- Ability to recognize technical contexts and technical customer needs
- Be enthusiastic about new technologies and trends
- Knowledge of the APQP principles and their application
- Communication and presentation skills (written and oral) for the public from the shop floor to the executive level
- Talented in effective collaboration across departmental functions
- International commitment, cultural awareness
- Active listener, coach mentality, capable of constructive challenge
- Required foreign travel: 20 - 40%.
- Excellent oral and written communication skills in English

Oetiker provides customers with the peace of mind that their mission-critical components are reliably connected. We are a global leader in high-end connecting solutions for the vehicle industry and for high-value applications in industrial segments. Our expertise in high-quality clamps, rings, straps and quick-connectors ranges from powertrain and drivetrain applications to medical applications. With 1800+ employees in more than 25 countries and over 75 years of experience, we are the trusted, global, long-term partner for the world's leading OEMs.
